

USAID/GHANA MONITORING, EVALUATION, AND LEARNING (MEL) PLATFORM

Overview

The four-year, \$16.5 million USAID/Ghana Monitoring, Evaluation, and Learning (MEL) Platform activity provides a diverse array of demand-driven services to USAID/Ghana, implementing partners, and Ghanaian stakeholders including Government of Ghana Ministries, Departments, and Agencies, and Ghanaian academic and research institutions. Using various tools and methods, this activity supports USAID/Ghana to enhance its performance monitoring and evaluation practices and strengthen evidence-based programming and learning across the Mission portfolio. The Ghana MEL Platform supports the generation of rigorous, high-quality, credible data on performance and results.

The services provided under the Ghana MEL Platform are expected to improve the Mission's ability to engage in evidence-based program design and increase its ability to measure, analyze, and communicate the impact of USAID programming in Ghana.

Scope of Work

Services include:

- **Performance Management Support:** Strengthening results measurement, MEL plan reviews, performance data analysis, and supporting performance management.
- **Research and Analysis:** conducting assessments, special studies, and surveys.
- **Evaluation Services:** Performance and Impact Evaluations.
- **Capacity Building and Learning Support:** M&E and learning-related training, workshops and coaching, learning events for USAID staff, implementing partners, and other stakeholders, engagement with the Government of Ghana and local research institutions.
- **Knowledge Management Databases and Geographic Information System (GIS) Mapping.**
- **Communication and Outreach:** Strategic communications and dissemination, media, and event support, and designing and producing outreach materials and information.

Implementing Partners

[LINC](#) leads an exceptional team of experienced implementers, evaluators, and researchers in the implementation of this activity. These include [The Cloudburst Group](#), [DevLab@Penn](#), and the [Institute of Statistical, Social, and Economic Research at the University of Ghana \(ISSER\)](#).
